CAREER OBJECTIVE

Articulate and driven B.Tech (AI & ML) undergraduate with strong communication, analytical thinking and collaboration skills. Quick to learn new domains and processes. Seeking a Business Development role where I can bring a consultative, target-driven, relationship-first approach.

QUALIFICATION

Bachelor of Technology in Artificial Intelligence and Machine Learning (2023 - 2027)

Dhanalakshmi Srinivasan University | CGPA: 8.23

Intermediate (2021 - 2023)

Sri Gayathri Junior College, Anantapur District | Percentage: 85%

SSC (2020 - 2021)

ZPH High School, Siddarampuram, Anantapur District | Percentage: 93%

SKILLS

- **Communication & Consultative Selling:** Able to explain complex, technical ideas in simple terms, which carries over to guiding customers to the right solution.
- **Analytical & Critical Thinking:** Data-driven problem solving using Python, Pandas and Excel.
- **Collaboration & Teamwork:** Delivered results while coordinating with mentors and peers across two internships under deadlines.
- **Adaptability & Fast Learning:** Quick to ramp up on new tools, sales and CRM processes.
- **Relationship Building:** Active listening, follow-up and clear, honest communication.

INTERNSHIPS

AI/ML Intern | Averixis Solutions Pvt. Ltd. (Apr 1 - May 31, 2026)

- Worked with mentors and peers to deliver technical work on deadline.
- Coordinated with teammates to track progress and meet deadlines.

C++ Programming Intern | CodeAlpha (Jul 1 - Jul 31, 2026)

- Completed structured tasks independently within a fixed timeline.
- Learned new tools quickly and applied them to finish tasks on time.

PROJECTS

Lead Conversion Analysis | Excel, Python

- Analysed a sample lead dataset by source and follow-up time to rank which channels converted best.
- Summarised findings in a one-page report with clear recommendations.

Ed-Tech Market Research and Pitch

- Compared several ed-tech platforms on pricing and features, then wrote and delivered a short pitch for one of them.
- Practised handling objections and explaining value in simple language.

Personal Portfolio Website | HTML, CSS, JavaScript

- Designed and developed a fully responsive website with a clean, user-centric UI/UX to present technical work.
- Structured the site with semantic HTML and CSS for a clean layout across screen sizes.
- Structured the site so visitors can find my work and contact details quickly.

Learning Preferences Survey | Google Forms, Excel

- Designed a short survey on online learning preferences and summarised the responses in Excel.
- Presented the top three insights to show how customer needs shape recommendations.

COURSEWORK

Data Science, Machine Learning, Python Programming, Communication and Presentation Skills

CERTIFICATIONS

- Python Programming — Internshala (March 2025)
- Basics of Data Science — uniAthena (April 2025)
